I acknowledge that...

1.1 I will abide by these terms and conditions for IELTS One Skill Retake test.

1.2 IELTS One Skill Retake test results cannot be used for United Kingdom Visas and Immigration (UKVI) application purposes, and I will not be eligible for a refund if I subsequently find that I require an IELTS for UKVI test result.

1.3 Before registering for IELTS One Skill Retake, I am responsible to check that this test is recognized by the educational institution or any other recognizing organization I intend to send it to. Also, the IELTS Test Centre cannot be held responsible if recognition for IELTS One Skill Retake changes between time of registration and the time I use my score for my individual purposes.

1.4 In order to be eligible to register for a One Skill Retake test I must have already taken a full IELTS test and received my result. Only then can I register for an IELTS One Skill Retake linked to a single skill (Listening, Reading, Writing or Speaking) on my original IELTS test. The results of my One Skill Retake cannot be applied to a test other than the original IELTS test against which the One Skill Retake is raised. You must take IELTS One Skill Retake within 55 days of your original test date.

1.5 I must bring a valid passport as proof of my identity with me on test day. This proof of identity must be the same identity document used to register for my original full IELTS test. If I do not bring the same original ID documentation on One Skill Retake test day, then I will not be able to take the One Skill Retake, my test will be cancelled, and I will not be eligible for a refund.

1.6 I must register and take my One Skill Retake within 55 days of my original IELTS test date represented by the date I took my original Listening, Reading, and Writing test as specified on my original Test Report Form.

1.7 My IELTS One Skill Retake may result in a different score for the single skill I choose to retake. The score for this single skill may go up, down or remain the same as the score I received in my original full IELTS Test on that skill.

1.8 My One Skill Retake will also recalculate the overall IELTS score, and this overall score may go up, down or remain the same in relation to the overall score given on my original full IELTS test.

1.9 Once I have received the results for my One Skill Retake, I will be issued with an additional Test Report Form for OSR with a unique Test Report Form number. My original test results and the Test Report Form associated with my previous full IELTS test will remain valid and will also remain available via the online verification service to any Recognizing Organization to which I apply. "Recognizing Organizations" means educational institutions, professional bodies and commercial organizations that recognize IELTS scores.

1.10 My One Skill Retake test result will remain valid for two years from the date of my original full IELTS test date for Listening, Reading, and Writing as specified on my original full IELTS Test Report Form.

The IELTS Test Centre will do their best to accommodate all reasonable requests for access arrangements but cannot guarantee it will be possible to do so within the 55-day book and retake window.

1.15 Any access arrangements made for my original full IELTS test will not be automatically applied to the One Skill Retake, and I understand that I will need to apply for these access arrangements again as part of the One Skill Retake booking process.

Enquiry on results:

I understand that...

3.2 Test takers may submit an Enquiry on Results (EOR) on the original and on the OSR test.

However, an EOR for the original test attempt must be made within six weeks of the date of the original test attempt for Listening, Reading and Writing and prior to registering for an OSR against the original test attempt. An EOR for the original test can be on one, two, three, or four skills but an EOR for the OSR test can only be on the single section tested, even though four skills are reported for an OSR. If an EOR on the original test changes the result of a section score that is not the OSR skill, then the changed score is to be changed on the OSR result as well. For example, if an OSR was taken for Writing, a successful EOR on Listening would need to be reflected across both the original and OSR TRFs. If an EOR on the original test changes the result of the section that was retaken as an OSR, then the changed score for the original test does not impact the OSR score as the OSR score overrides the original test score. For example, a successful EOR for a Writing OSR would only result in a change on the OSR TRF as this has no impact on the result of the original. Such request must be made through Test Taker login section at www.ieltsidpindia.com. I can apply EOR on OSR within the 55 days from the original test date.

Disclaimer: All payments, for the Enquiry on Results (EOR) must be made using the payment options as mentioned under the Payment clause hereinabove. There is no guarantee of the band score improving, as a result of re-marking. However, should the band score increase, the re-marking fee paid will be refunded in full. The decision of the Centre will be final and binding on the Test Taker and no further enquiries will be considered once the remarking process has been completed.
