

Speaking test slot selection

We are glad to introduce an exciting feature where you can select your preferred speaking test slot

The feature to choose your preferred speaking test slot will be activated 12 days before your listening, reading and writing test and closes on the 9th day before the listening, reading and writing test. You may visit our website within this timeframe to choose your preferred speaking test slot. The speaking test slot selection will be on "first come first serve" basis.

Please note that the speaking test will only be conducted within 7 days before or after the listening, reading and writing test and slots available to be selected will entirely depend on the availability of examiners and will be any day between 7 days before or after your listening, reading and writing test.

For example: If the listening, reading and writing test is scheduled for 18 August, the feature to choose your preferred speaking test slot will be activated on 6 August and closes on 9 August. You may visit your candidate login section between 6 August and 9 August to choose your preferred available speaking test slot (on first come first serve basis). The speaking test will be conducted any day between 11 August and 25 August (7 days before or after the listening, reading and writing) and it will depend on the availability of examiners.
